

Parents can access their child's teachers' Google Classroom in one of the following ways:

1. From the school issued Chromebook, ask the student to login and launch the Google Classroom App. Please note that any activity in Google Classroom is documented under the student's login. Parents should use their personal email to digitally communicate with the teacher.
2. From any computer with internet access, click this link <https://classroom.google.com> and have the student login with their school Google username and password. Please note that any activity in Google Classroom is documented under the student's login. Parents should use their personal email to digitally communicate with the teacher.
3. As a guardian, you must receive and accept an email invitation before you can receive email summaries. Only teachers and administrators from your student's school can send these invitations. **If you would like to be a part of the google classroom please reach out to the teacher so they can send you an invitation.** You have 120 days to accept an invitation before it expires.
 1. The teacher or administrator emails you an invitation for a particular student.
 2. The teacher or administrator can send the invitation to any email address.
 3. In your email program, open your email invitation.
 4. Click Accept.
 - If you're not the guardian, click I'm Not The Guardian.
